

Defibrillators in Marazion

Marazion Town Council has worked with the school, health services, local businesses and Mr Paul Williams from **The Ronnie Richards Memorial Charity** in order to deliver a plan for the town that meets the recommended defibrillator guidelines.

All of the town's defibrillators have **24 hour accessibility** and are listed on 'The Circuit' – the National Defibrillator Network, which connects defibrillators to NHS ambulance services across the UK, so that in those crucial moments after a cardiac arrest, they can be accessed quickly to help save lives. For further information visit www.thecircuit.co.uk

If you see someone having a cardiac arrest, call 999, start CPR and get someone to find a defibrillator. Once you get the defibrillator, turn it on and continue CPR until the device tells you to stop.
